

## PIM2025 Instructions for Poster Presentation

### 【Registration】

**Advance registration is required.**

Please register for the symposium from the website by **Thursday, July 31**. When applying, put a check on the button "I would like to do a poster presentation." in the "Symposium Poster session" section. If the button is not checked, a poster presentation will not be allowed. Each presenter is requested to send the abstract by herself/himself. All symposium participants are welcome to attend the poster session.

Since the purpose of the poster session is discussion, previously published data will be accepted.

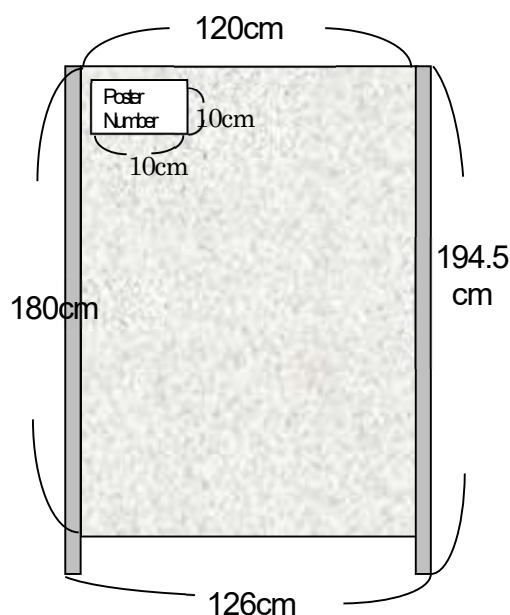

### 【Poster】

After we have received all the abstracts, we will inform you of your poster number. Please display your poster on the board with your poster number.

Posters should be no larger than 180 cm (H) x 120 cm (W) and must be in English.

Pushpins to attach the poster will be provided.

No need to submit your poster in advance. Please bring your poster and remove it by yourself. If you cannot do that, please let us know it in advance.

### 【Abstract】

Please write your abstract using the specified format (Microsoft Word) and submit it. When writing your abstract, please be sure to read the precautions listed in the format.

You can use colored text, but you cannot insert figures.

Please display special characters and italics so that they are easy to understand, and add comments as necessary.

## 【Procedure】
